

Is your lab furniture costing  
you - or performing for you?

# ROI Report Card for Durable Lab Furniture in Education

- Lasts 3–4× longer — reduces replacements and lowers total cost of ownership.
- Enhances student engagement — promotes active learning and better outcomes.
- Built for heavy, daily use — minimizes downtime and maintenance needs.
- Maintains a clean, professional aesthetic — elevates program credibility and appeal.
- Adapts to evolving programs and technology — no costly rebuilds required.
- Meets safety and compliance standards — reduces risks and ensures reliability.

## ★ Gold Star – Extra Credit

Good furniture doesn't just sit there;  
it works as hard as your students.

Pass the ROI test with  
flying colors.  
Scan to see top-performing  
lab setups.

## Teacher's Note

Smart schools know — performance  
furniture pays for itself.
