Conference Table

Custom

List Price (as shown)

Custom meeting tables designed for collaboration and brand expression.

Formaspace conference tables support collaboration in corporate and executive environments while adapting to the specific needs of each space. From standard layouts to fully custom shapes, each table is built to align with the scale and function of the room.

The Guitar Pick Table highlights how custom geometry and material selection can shape interaction. Its distinctive form encourages group engagement, while details such as a laser cut logo reflect brand identity in a subtle, functional way.

Power and data can be incorporated at the center or along the perimeter, supporting a range of meeting styles without cluttering the surface. Base options including V, A, Eiffel, and enclosed center bases maximize seating flexibility while maintaining a clean footprint.

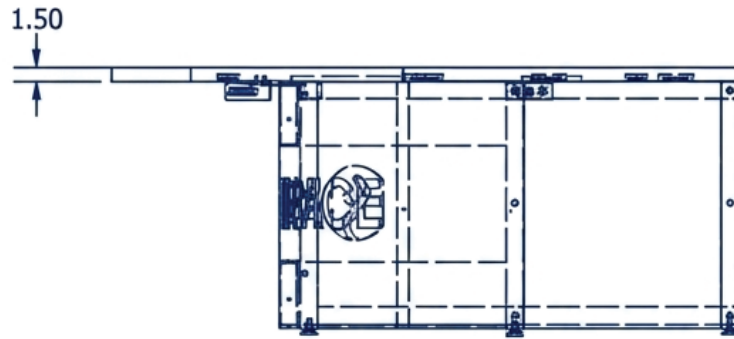

Specifications (as shown)

- Laminate on Plywood Core, Norwegian Ash 8241 (Worksurface)
- Black Texture Steel, BK59 (Frame)
- Black M10 Levelers
- LED Logo Cut into Base
- Black Power & USB outlets

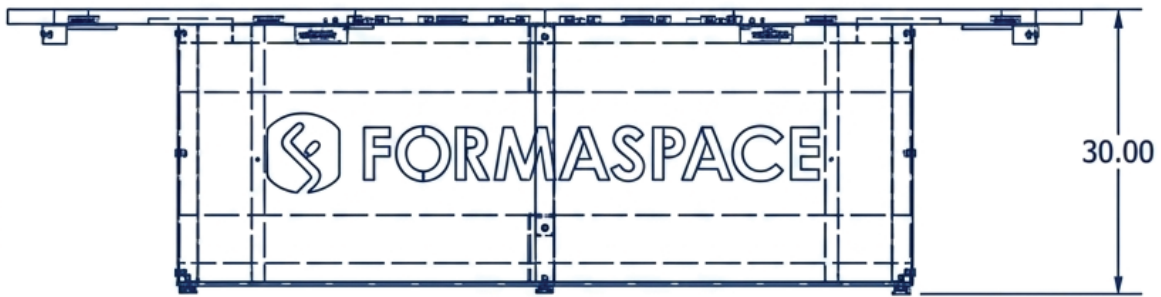

List Price: \$23,600
